## 4. \*PRIORITY DISCUSSION / ACTION ITEMS

### 4.1 \*Preschool and Grade 3 Wonders Curriculum

Dr. Charles Hewes, Assistant Superintendent, gave an overview of the preschool curriculum revision. The vision for preschool includes building self-regulatory and social emotional skills, building foundational academic skills, hands-on learning experiences, and individualized and differentiated instruction.

Dr. Hewes discussed the Wonders preschool program and its benefits which include thematic units, focus on literacy, social-emotional learning supports, and differentiated materials.

Dr. Hewes reported that the state recently passed legislation in regard to K-3 reading programs. Colchester currently implements the Wonders ELA program in grades K-2 and would be looking to extend that curriculum program into Grade 3.

The cost of the 6-year option of the Wonders program for preschool is \$23,551 (paid by Esser 2 grant) and the 6-year option of the Wonders program for Grade 3 is \$49,000 (paid by ARPA grant). Neither program would have any impact on the current budget or next year's budget.

Ms. Gignac and Donna Antonacci requested more time and more information in regard to the current Wonders program before voting to adopt. Dr. Hewes stated he would like to purchase the program as it is mandated through legislation and would give time to get the materials into the hands of teachers.

Superintendent Sullivan said there is a risk that they will not be able to utilize the monies allocated from the grant for the purchases and recommended the Board authorized two or three members of the Board of Education to serve on a literacy subcommittee to meet with Dr. Hewes and Ms. O'Meara in regard to the program and that the Board authorized the committee to determine if the materials could be purchased.

4.6 Policy 9321 Time, Place and Notice of Meetings

First reading; no action taken

Discussion was had in regard to the posting of meetings on the Town website. Heather Petit stated the concern was not having access to the website calendar on the Town website and that any change in dates, times or meetings (i.e. canceling, posting of Special Meetings, et al.) could not be done by the Superintendent's office. This could potentially make the Board non-compliant with the Freedom of Information Act. Superintendent Sullivan recommended an alternative would be to ask the town to post a link to the Board of Education meetings page on their website. The Board agreed this would be helpful.
