

October 1, 2020

Dear Cochester Public School Families,

Just this afternoon we were informed that there is a significant increase in community spread in Norwich. Based on this information, and advice from Chatham Health Department, all grades will continue in the hybrid model (our current model) for the next four weeks. At that time we will once again review the current data and our instructional model. Voluntary at-home learning will also continue in its current form.

Regards,
Jeffrey Burt
Superintendent
